PROFESSIONAL SUMMARY

Dedicated and results-driven Computer Science student with a proven track record of successful project development using the MERN (MongoDB, Express.js, React, Node.js) stack. Proficient in full-stack development, with a passion for creating seamless user experiences

CORE COMPETENCIES

- Full-Stack Development
- Version Control (Git)
- MongoDB (NoSQL)
- Java
- React.js
- Problem-Solving & Troubleshooting
- Python
- Node.js

ACHIEVEMENTS

Secured First Place in Sparkathon - 2023

- Award: Cash Prize INR 5000
- Clinched the top position in a rigorous project pitching contest, impressing judges with a compelling presentation and innovative project concept

Participated in Smart India Hackathon - 2022

- Participated in the prestigious Smart India Hackathon, a national-level competition, where I collaborated with a diverse team to address real-world challenges
- Developed a project leveraging Artificial Intelligence to enhance judgment-related processes.

RELEVANT PROJECTS

Mozhi - E-Commerce for Handicrafts and Handlooms

- Description: Developed and implemented an E-Commerce platform catering specifically to the promotion and sale of handicrafts and handlooms. The project involved creating a user-friendly interface, implementing secure payment gateways, and incorporating features to showcase the rich diversity of traditional craftsmanship.
- Technologies Used: ReactJS, Redux, Node.js, Express, MongoDB, Stripe, Bcrypt, JWT
- Role: Backend Development, APIs, Redux

EDUCATION

2021 - 2025 | Sri Krishna College of Engineering and Technology
Bachelor of Engineering - Computer Science
